The auditor's independence declaration is included on page 9.

#### (c) Review of operations

#### Iron Ore Division

Koolyanobbing Project Operations January – June 2006

Maning Performen weeath Windarling / Mt Jackson remains below budget. Maintaining an appropriate level of supervision and skilled operators is proving difficult.

Haulage is proceeding smoothly with all but two of the BGC new road trains now operational. Widening of the haul road is almost complete.

Plant operations continued to improve on both an hourly throughput and tonnes per month basis but remain below an 8 Mtpa rate. Take away rates on the main conveyors from the old section of the plant may require modification.

Meetings have been held with the new above rail operator (Queensland Rail) and track owners (Babcock and Brown Infrastructure). A contract variation for railing above 6 Mtpa has been concluded with the operator. Rail performance at around 95% is satisfactory.

#### Statement

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe th	hat the half-year financial report of Portman Limited is not in
accordance with the Corporations Act 2001, including:	

(a) Giving a true and fair view of the consolidated entity's financial position as at 30 June 2006 and of its performance for the half-year ended on that date; and

(b) Complying with Accounting Standard AASB 134 "Interim Financial Reporting" and the Corporations Regulations 2001.

The half-year financial report has been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets.

#### Significant accounting policies

The Consolidated Entity has changed its accounting policies during the half-year ended 30 June 2006 as follows:

#### 1. Exploration and evaluation expenditure

The previous accounting policy was as follows; "

The revised policy is to expense exploration costs as incurred. Evaluation costs are expensed as incurred up until all final regulatory approvals have been granted. Evaluation costs incurred subsequent to this date are capitalised and amortised over the life of the area of interest.

The Consolidated Entity changed its accounting policy to more appropriately reflect the nature of exploration and initial evaluation expenditure as the expenditure itself does not necessarily lead to an increase in resources nor necessarily extend the life of the respective projects.

The effect on the previously reported Income Statement and Balance Sheet had the revised accounting policies always been applied was as follows:

Income Statement	30 Jun 05 \$ <u>'000</u>	Balance Sheet	31 Dec 05 \$ '000
Cost of goods sold	612	Non-current assets Exploration and evaluation	(24,728)
Other expenses	(1,429)	2.p.oranon and evadamon	(2:,7:20)
		Non-current liabilities	
Loss before income tax benefit	(817)	Deferred tax liability	7,419
Income tax benefit	245	Net assets	<u>(17,309)</u>
Loss for the period	(572)	Equity	
-	<del></del>	Retained earnings	17,309
Earnings per share			
Basic (cents per share)	_	Total equity	17,309
Diluted (cents per share)	_		

#### Note 1. Summary of Accounting Policies (continued)

#### 2. Deferred waste

The previous accounting policy was as follows: "

The revised accounting policy is to expense deferred waste as incurred.

The Consolidated Entity changed its accounting policy to ensure that all waste costs will be accounted for consistently. This results in all waste costs being expensed as incurred in the Income Statement. In addition this policy change results in no management estimates being required as to what portion of waste should be capitalised verses expensed.

The effect on the previously reported Income Statement and Balance Sheet had the revised accounting policies always been applied was as follows:

Income Statement	<b>%45R[Sp4:E4</b> 30 Jun 05 \$'000	Balance Sheet	31 Dec 05 \$_'000
Cost of goods sold	(639)	Current assets
